Sub 6 Opinion of the Managing Committee dated 12-7-45 approving the grant of a contribution of Rs 2500/- from municipal funds to the Secretaries XII India Olympic Games, for their next Competitions of February '1946

--

Mr M K Narayana Iyengar moving for the approval of the opinion of the Managing Committee said that it was also desirable to consider if it was not possible for the Municipality to take up the work of the construction of the stadium with the help of the Government and own it as their own so that it might become a source of revenue to the Municipality

The President informed the House that the Stadium had to be ready by February 1946 for holding the Olympic meeting and with the limited resources at the disposal of the Municipality, it was a point for consideration if it was possible for the Municipality to complete the construction before Feb 46

Mr W H Hanumanthappa observed that when he had a talk about it some time back and that the Government was agreeable to give plans etc , and had opined that it was better the stadium was owned by the Municipality If Government gave their fullest co-operation and support, it would not be difficult for the stadium being constructed before February 1946 If need be they could also approach the public for large donations

Mr M V Veerappa observed that it might not be possible for them with their limited resources to take up the responsibility and suggested that they might now contribute the sum recommended by the Committee After all. the stadium that would be put up now would be a temporary one and th

p t o

they might think of having a permanent stadium later on

Then Mr M K Narayana Iyengar moved and Mr B N Gupta seconded that the opinion of the Managing Committee be approved and it was passed
